```
1 * #include<stdio.h>
2
3 int sum(int n) {
4     int r=0;
5
6     while ( n>0 ) {
7         r += n;
8         n--;
9     }
10
11     return r;
12 }
13
14 int main() {
15     // Awesome line of code!
16     int num, res;
17
18     printf("\nEnter a number : ");
19     scanf("%d", &num);
20
21     res = sum(num);
22
23     printf("\n1 + ... + %d = %d\n\n", num, res);
24
25     return (0);
26 }
```
